> I'm opposed to this bill 6355. Once again leave it to this committee to take the guns first, go through due process second. At such a high rate of abuse of ex parte order in Connecticut-people that are not at risk will have their right to self-protection taken away and may never get them back. VOTE NO on bill 6355.

> I do want you to support the law-abiding people of Connecticut by voting FOR the right to self-protection by supporting An Act Concerning Nonlethal Electronic Defense Weapons. The Second Amendment applies to all tools in common use.
